## LOCAL MATTERS.

READ the new advertisements to day.

HERRAFTER the mails westward will leave at 4 o'clock P. M. on Tuesdays, as well as other days.

EARLY in the week, we had a little thunder, lightning and rain. Later, Indian Summer has prevailed with pretty lively winds now and then.

LARKIN W. CARR is announced by the citizens of the Gila settlements as a candidate for Supervisor at the coming election.

VILLAGE COUNCIL held a meeting on Tuesday evening and ordered a sale of corporation lots to take place on the 2d of November. No other business was transacted.

SAMUEL HUGHES believes he is on the track of a mine of very rich silver ore. He has had some men sinking a shaft on the Montezuma, and in that vicinity they found a float of almost solid metal which, by acid tests, indicates it to be worth from \$5,000 to \$10,000 per ton. C. O. Brown and Dr. Handy have been testing the ore, and they are confident that it is immensely rich. Instead of sending his workmen to the Sonora mines, Mr. Hughes keeps them at work in this Territory, and at this time in search of the source of this latest discovery.

GENERAL J. B. ALLEN has complimented THE CITIZEN with a couple of pounds of delicious honey produced upon his ranch near this town. The bees were brought from San Diego early this year. Four swarms were brought out and now there are six, and nearly one hundred pounds of honey in one hive. This is the first effort of this kind in this part of the Territory, and it is a grand success and ought to be followed by many others.

One of the great drawbacks to success among farmers as well as other classes of citizens, is that of paying out cash for so much of their supplies, which they can easily produce at little or no cost or labor. Corn is sold for two to three cents per pound, and bacon and ham purchased at 40 to 70 cents; whereas at the rate corn is sold, hogs can be grown and fattened at from twelve to twenty cents per pound—owing to facilities outside of food for them. If farmers here would prosper as they did and do now in the old States, they must produce many articles of consumption which they now purchase. In this way they will have money for improvements and comforts without which existence is a drag and the community never will be attractive.

PERSONAL.—Judge Titus has been delayed in starting to Arizona by the advice of his own physician, and the dangerous illness of his son; but he expected to start for Phoenix on October 8.

Colonel C. P. Head and George Tyng arrived here from Apache on Wednesday, the former moved on for Phoenix the same day in company with A. Lazard, and the latter expects to start to Arizona City by today's stage.

J. S. Vansburg leaves by today's stage for San Francisco, expecting to be back again in about two weeks.

Dr. J. C. H. and Dr. J. W. Carr, George Tyng, and others, returned from the east by the stage, and will report at the meeting of the Citizens' Association on Saturday.

Five and efficient men in this military brocade, in military town this week on the eve Mr. Moore is on a trip to Calhoun camp.

Paymaster Col. Morrow got back from his round of posts yesterday.

Dr. Bendell, Superintendent of Indian Affairs got to town yesterday and will remain several days.

THE State elections on the 8th instant resulted thus:

Pennsylvania Republican by 31,000 majority, with a gain of seven members of Congress and loss of one; Ohio Republican by 10,000; Indiana, Democratic Governor elected by 560 to 700, and balance of State ticket Republican; Nebraska, the State and Congressional tickets Republican by 5,000; District of Columbia, Republican by 5,000; Dakota, a go Democratic Congress owing to the Republican having two candidates for Delegates.

Governor McCormick spoke at Datona, October 8; at Wickenburg, October 9; at Phoenix, October 12; at Tucson, October 14; at Florence, October 15; at Allentown, October 16; at San Francisco, October 17; at San Jose, October 18; at San Francisco, October 19.

All meetings were largely attended. Judge Titus presided at the Phoenix meeting. A salute was given to the American flag and other hearty demonstrations. At every point, he has been received with much favor, and the people seem warmly united in his support.

On the night of the 12th, somebody went into the office of the editor of the Tucson Citizen, and shot him with a pistol. The shot was by political spite, and was a poor way to try to kill a man who won't win in the end.

## NOMINATING PROCEEDINGS.

At a meeting of the citizens of Pima county, pursuant to notice, held on the 19th day of October, 1872, at the Court House in Tucson, the following proceedings were had:

On motion Major Mark Aldrich was called to the chair and W. A. McDermott appointed Secretary.

Mr. DeLong announced the object of meeting to be to select qualified candidates for the Legislature, Board of Supervisors, Justices of the Peace, District Attorney, County Surveyor and Public Administrator, to be filed at the coming election, and made a motion that the chair appoint a committee to present names of candidates to the meeting. Carried.

The Chair, in compliance with the motion of Mr. DeLong, appointed the following committee:

Captain John W. Owen, Messrs. F. Griffin, Charles Lesinsky, W. Zeckendorf and E. N. Fish.

Mr. McKee made a motion to adjourn for one hour, to allow the committee time to make proper selections.

## MORE COMPLIMENTS.

For good public service, General Crook promulgated the following General Order No. 11, dated October 3, 1872:

Upon the complaint of citizens residing on the Lower Agua Fria, that the Apaches were carrying off their corn crop, and ready for harvest, First Lieutenant Max Wendenhoff, First Cavalry, with a detachment of Troop A, same regiment, was sent by the commanding officer, Fort Whipple, to pursue, and, if possible, capture the delinquents.

Under the guidance of Sergeant John B. Townsend and William Blum, the command traced the Indians to their rancheria, on Squaw Peak, Verde Mountains, where on the morning of the 30th ultimo they surprised and captured a large number of the same, and a large quantity of corn, and other provisions of those Indians who had driven out of the mountains.

No high praise can be paid to the valor and the men who have so bravely and so successfully performed this duty.

Another brilliant success of a regiment of the First Cavalry, who so long have been the terror of the Apaches.

Oct. 10.—Ex-Secretary of the Interior, Mr. Seward, died this afternoon.
